

COUNTRY COORDINATOR - SUDAN

(Reference: 23|SDN|CC01)

BACKGROUND ON IMPACT AND REACH

REACH was born in 2010 as a joint initiative of two International NGOs ([IMPACT Initiatives](#) and [ACTED](#)) and the United Nations Operational Satellite Applications Programme ([UNOSAT](#)). REACH's **purpose** is to promote and facilitate the development of information products that enhance the humanitarian community's decision making and planning capacity for emergency, reconstruction and development contexts. REACH facilitates information management for aid actors through three complementary services: (a) need and situation assessments facilitated by REACH teams; (b) situation analysis using satellite imagery; (c) provision of related database and (web)-mapping facilities and expertise.

IMPACT Initiatives is a humanitarian NGO, based in Geneva, Switzerland. The organisation manages several initiatives, including the REACH Initiative. The IMPACT team comprises specialists in data collection, management and analysis and GIS. IMPACT was launched at the initiative of ACTED, an international NGO whose headquarter is based in Paris and is present in thirty countries. The two organizations have a strong complementarity formalized in a global partnership, enabling IMPACT to benefit from ACTED's operational support on its fields of intervention.

We are currently looking for a Country Coordinator to oversee our team in Sudan.

Position: Country Coordinator
Contract duration: 12 months
Location: Sudan (initially remotely)
Starting Date: 01.06.2023

COUNTRY PROFILE

Clashes between the Sudanese Armed Forces (SAF) and the Rapid Support Forces (RSF) erupted in Khartoum on 15 April 2023 and spread quickly across the country. Civilians are fleeing areas affected by fighting in increasing numbers, including to Chad, Egypt and South Sudan. Prices of food, fuel and other basic goods are reportedly skyrocketing, making critical goods unaffordable for many people. Humanitarian organizations are racing to respond to the most pressing needs wherever and whenever feasible.

In this fast-evolving context, IMPACT Initiatives is scaling up its operations in order to inform the emergency response. The first programmatic priorities are to support assessment and analysis coordination, conduct rapid assessments in Sudan and in neighboring countries, as well as critical cash and market research.
